

**FRENCH**

## What will I study?

Students will build on skills acquired at GCSE, developing further their knowledge of French language and grammar, and developing the valuable transferable skills including communication, critical thinking, research skills and creativity. Most excitingly, students will gain insight into another culture and society, whilst at the same time enhancing employment prospects and facilitating foreign travel. The interest in this course lies not only in the development of French language but also the topics covered are interesting in their own right)

## Career Opportunities

French is not just for those students who wish to continue solely with languages as a chosen career. At a time when more and more university courses are combining subjects, French is an excellent partners alongside, for example, Law, Music, Engineering or History. French is highly regarded and respected by employers and higher education institutions because of the wide range of skills needed. Learning a language is a life skill that can be transferred to all sorts of situations in the workplace and open many doors.

Previous students have gone on to travel extensively around the world including studying in a French university for an ERASMUS year. One individual has gone on to study languages at Oxford University.
